Our Coarse Fishery is open all year from 8.30a.m. – dusk / 9p.m. Visit our website for further details

Situated on the roadside of the A458 (between Welshpool and Mallwyd) with easy access, convenient parking to a reception area of office for sales, tackle and bait, a kitchen for food and drinks, toilet and shower, right by the lakes. All facilities disability friendly. Guide dogs allowed. Other dogs can be kennelled by booking arrangements.

Forgotten your rod or never fished before and fancy a taster or some coaching? No problem, we hire out all the gear. There is a choice of two landscaped pools, stocked with Carp, Tench, Roach, Rudd, Bream and Chubb. Enjoy a relaxing day's fishing or join in on some of our programmed events.

Extend your fishing experience by camping on our site either with nature in our semi-natural woodland with facilities for a camp fire, BBQ's and picnic areas or on a flat enclosed area by the lakes with parking proximity.

Or if you don't fancy fishing why not have a go at some remote control boating or even kayaking on our new lakes which are open to proficient users. Equipment hire and or tuition for novices can be arranged with advanced booking.

No night fishing is allowed.
